Every class offered herein is covered by the rules and specifications of the current rules of EC and will be held and judged in accordance with the EC Rule Book. (A602.2) Refer to Section A General Regulations and Section E Dressage and Para-Dressage.

Any athlete an EC sanctioned competition may be selected for human anti-doping as outlined in the Canadian Anti-Doping Program (CADP) and administered by Sport Integrity Canada. Please see EC General Regulations Section A - Appendix A1, Policy on Human Medications for details. (A602.6)

Per Article A801, every entry at an EC-sanctioned competition shall constitute an agreement by the person(s) responsible that the owner, lessee, trainer, manager, agent, coach, driver or rider and horse shall be subject to the EC constitution and all rules of EC and any additional rules set by the competition. It is the responsibility of all individuals participating in any capacity in EC-sanctioned competitions to be knowledgeable regarding the EC constitution and the applicable rules of EC and the additional rules, if any, imposed by the competition. Do not participate in this EC-sanctioned competition in any capacity if you do not consent to be bound by the constitution and rules of EC and any additional rules imposed by the competition. (A602.7)

In determining whether conduct or treatment is cruel, abusive or inhumane, the standard to be applied will be the conduct or treatment expected of a reasonable person who is informed and experienced in equine training and exhibition procedures.

Individuals who interact with horses must also adhere to EC's policies as they relate to horse welfare.

Equestrian Canada Statement of Principles – Horse Welfare (Section A)

1. Equestrian Canada (EC) is committed to fostering a safe and inclusive environment for all participants that is free from Abuse. The purpose of this Policy is to stress the importance of that commitment by educating Individuals and the public about Horse Abuse, outlining how EC will work to prevent Horse Abuse, and how such Abuse or suspected Abuse can be reported to and addressed by EC.
2. EC requires that all Individuals adhere to this Code of Conduct and acknowledge and accept that the welfare of the Horse must always be paramount and must never be subordinated to competitive or commercial influences.
3. Section A Horse Welfare rules apply to all disciplines and all Section Rule Books. Rule exceptions in other Sections that contravene Section A Horse Welfare rules are not permitted and will not be approved.
4. EC is committed to:
 - a. recognizing Horses as sentient beings, defined by the ability to feel, perceive or experience subjectively. (ie. the animal is not only capable of feeling pain and distress but also can have positive psychological experiences, such as comfort, pleasure or interest that are appropriate to its species, environment and circumstances). To state

that animals are sentient accepts that they can experience positive and negative emotions.

- b. b. upholding the welfare of the Horse, regardless of value and performance level, as the primary priority regardless of competitive commitments, expectations, or commercial influences;
- c. requiring the Horse to be treated with the highest level of care, compassion, respect, and empathy;
- d. requiring that no Horse be subjected to Abuse (ref: Rules of Equestrian Canada, Section A General Regulations, Article A517) or Distress;
- e. ensuring that all Individuals accept and implement, at a minimum, the requirements within the National Farm Animal Care Council Equine Code of Practice;
- f. ongoing support for scientific studies of animal-based indicators of pain, Page 2 2026 Rules of Equestrian Canada Section A Distress, and/or compromised welfare;
- g. increasing education and awareness for the evolution of best management and equine husbandry practices;
- h. requiring Individuals to know and follow the EC rules and implement industry regulations in all competitions; and,
- i. reviewing, revising, and developing competition rules and regulations that protect the welfare of the horse

Biosecurity and Vaccinations

Biosecurity: All competitors must be aware of and observe procedures to prevent disease spread among horses on the show grounds. See [Biosecurity Requirements for All Competitors](#)

Biosecurity Requirements for All Competitors

Any horse exhibiting signs of illness must not be transported to the show. All horses must be temperature checked before travelling to the show. If the temperature exceeds 38.8 C the horse must not be transported to the show. At check in, you will be asked to report the temperature of the horse before transport.

General Biosecurity:

- Do not share feed/water containers or buckets between horses and do not use communal water troughs.
- While filling a bucket, do not let the hose end touch the bucket or the water in a bucket.
- Sharing tack and equipment puts horses at risk and is not recommended. If tack/equipment must be used by multiple horses, be sure to clean/disinfect it between uses by different horses.
- Observe good hygiene around all horses on the grounds, and especially after handling a teammate's horse prior to touching your horse.
- Wash hands immediately with soap and water, or use disinfectant hand solution after handling horses, especially after contact with the mouth, nose or feces.
- Please use hand sanitizers and indicate the importance of their use to your friends, family and casual visitors.
- Do not allow nose-to-nose contact between horses.

- Do not permit your horse to lick or sniff surfaces in common areas. If this does occur, please use a disinfectant wipe on the area.
- If your horse develops a fever or signs of illness, contact the show veterinarian or steward immediately.
- Following the competition, it is recommended that all horses be isolated at their home facility for 21 days prior to reintroduction to other horses. If this is not possible, be sure to observe all horses carefully for 21 days.
- Following the competition, all horses should have temperatures taken twice a day for four days, and be observed for abnormal behavior and signs of cough, nasal discharge, discomfort or lameness.
- In the event that a horse returning home following the horse show becomes sick PLEASE notify the Competition Organizer. This is a precautionary request in the unlikely event of a potentially contagious disease event.

Additional Biosecurity for horses stabled at the show:

- All stalls have been cleaned of all manure and bedding. You may sanitize your assigned stall prior to bringing your horse in.
- Stall Labels must be completed for each horse, including the horse name and 24-hour emergency contact information, and placed on the horse's stall door.
- You must check your horse's temperature twice a day and record it on the Horse Temperature Chart on the stall label. A normal horse temperature is between 37.2-38.3 C. Any temperature over 38.8 C (102 F) must be reported to the horse show office and/or horse show steward or veterinarian.
- If sharing a wheelbarrow, please do not bring it into your horse's stall. Leave it in the aisle.
- Please dispose of manure in designated areas only. Do not put trash in manure pile.

Vaccinations:

All horses attending Equestrian Canada sanctioned competitions must have met the requirements of A519, Vaccinations. See Rules of Equestrian Canada, Section A, General Regulations, Article A519, Vaccinations. Vaccination certification must be submitted with entries. (A602.9)

ARTICLE A519 VACCINATIONS: All horses attending Equestrian Canada sanctioned competitions must have been administered Equine Influenza and Equine Herpes Virus (1&4) vaccinations within 6 months (+21 days grace period) before arrival at the event. No horse shall receive vaccination within 7 days prior to arrival at the event. Horses not in compliance with this rule may be asked to leave the event site at the discretion of Competition Management.

Equine Medication Control:

Any horse entered in any class at a competition may be selected for equine medication control testing while at the event location. (A602.5)

Judge's and Steward's decisions are final.

Neither Glanbrook CADORA, the show management and volunteers, show officials, property owners nor their employees will be in any way responsible for damage, injury or loss to persons, horses and other animals, or property of exhibitors or spectators.

All athletes, regardless of age or level of competition, must wear properly fitted and fastened safety approved protective headgear including a chin strap (specified for equestrian sports) at all times when mounted at any EC-sanctioned Dressage or Para Dressage competition at the event location. Note: At the tack check that follows the test, the steward may ask the athlete to dismount so that the helmet can be inspected for safety standard labeling. (see Article E 4.0 Safety Headgear).
